EXPERIENCE

Grovo / Lead Product Designer

MAR 2015 - PRESENT, NYC

Hired as mid-level designer, promoted to senior and recently to lead. My role involves UX and product design, usability and competitive studies, and working cross-functionally to ship product.

Softcard (acquired by Google) / UX Designer

JAN 2014 - MAR 2015, NYC

Responsible for user testing, research, wireframes and technical specs of new features. Owned revamping of how commerce/offers work in product.

Oracle / UI Developer

JAN 2013 - JAN 2014, NYC

Worked on Oracle Taleo Social Sourcing Cloud Service. Responsible for product development and design. Led initiative for mobile responsive version of product.

SelectMinds (acquired by Oracle) / Frontend Manager

OCT 2005 - DEC 2012, NYC

Hired as junior developer, promoted to senior and again to manager. Responsible for product development and design of new features, mobile responsive version of product and building customer websites.
